SPECIAL ELECTION—NOVEMBER 8, 1910.

Proposed Question of Public Policy No. 1.

Shall the next General Assembly submit to the voters of the State of Illinois at the next following State election an amendment to the State Constitution, providing for the control of legislation by the people, by means of the initiative and referendum; said amendment to provide for the initiation of legislation upon a petition of eight per cent of the voters, and for the reference of legislation upon a petition of five per cent of the voters, the action of the majority of the electors voting to be final; thus restoring to the people the power they once held, but which they delegated to the General Assembly by the Constitution?

Proposed Question of Public Policy No. 2.

Shall the next General Assembly extend the merit system by the enactment of a comprehensive and adequate State civil service law, thus promoting efficiency and economy?

Proposed Question of Public Policy No. 3.

Shall the next General Assembly enact a corrupt practices act, limiting the amount a candidate and his supporters may spend in seeking office, and providing for an itemized statement under oath showing all expenditures so made, for what purposes made and from what source or sources received, thus preventing the corrupt use of money at elections?
